WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

⚠ WARNING - Seizures

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

GAME MODES ARCADE

In Arcade mode, you select your quad, quad class, available track and game style for a single race. Use this mode to practice for the Challenge mode. You can not unlock items in Arcade races.

CHALLENGE

Challenge mode is the heart of ATV Quad Power Racing, offering increasingly tough challenges as you race for glory. As you compete in the super series of challenges you'll be rewarded with more quads, tracks and challenges.

You begin Challenge play racing on "Stock" quads before moving up to "Pro" and ultimately "Open" quads. You must race on the tracks in the order presented. When you successfully complete challenges, you will be rewarded with passwords that unlock new items.

QUAD SELECTION

QUAD CLASSES

In ATV Quad Power Racing, quads come in three different classes:

STOCK – These quads are used by beginner riders and are the slowest of the three quad classes.

PRO – Used by the advanced rider, these are fast and sturdy quads.

OPEN – The fastest and most extreme quads available in the game, for expert riders only.

QUAD ATTRIBUTES

The quads in ATV each have different degrees of 4 main attributes. These are:

- SPEED** This is the quad's top speed.
- ACCEL** This dictates how fast the quad can accelerate from a stopped position.
- SUSP** This represents how much suspension the quad has.
- TIRES** The quality of the quad's tires reflects how well the quad holds to the track.

TRACK SELECTION

You begin with one available track and unlock others as you race successfully. The different tracks present different challenges based on the terrain. You'll find that certain quads perform better on certain tracks. Experiment to find which type suits which track best.

PICK-UPS

Pick-ups can be collected by driving through them. Each pick-up has its own purpose and function in the game:

SUPER SPEED

This gives the player a generous injection of speed, allowing them to reach higher top speeds.

TURBO

This gives the player a short burst of extra speed and acceleration.

SUPER TRACTION

Once collected the quad sticks to the road like glue and cannot get airborne.

SUPER AIR

This pick-up allows the player to get maximum air time after jumps.

PASSWORD ENTRY

1. To enter a password select “Password” in the options menu.
2. Select the correct icon by pressing **up, down, left or right**.
3. Confirm the icon by pressing the **A Button**, this will move the selection onto the next icon.

4. At any time press the **B Button** to go back to the last icon or exit the password menu.
5. Repeat the above steps until all five boxes display the correct icons.
6. Press the **A Button** on the fifth and last icon to input the password code.
7. If an invalid password is detected an invalid message appears and you will be asked to enter a new password.
8. If the password is accepted the player is taken to the options menu and the correct items will be unlocked and available for selection.

Note: At the completion of successful challenges be sure to write down your password in the Notes section.
